(54) STORAGE BOX CASE WITH RECEPTACLE

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a box case for housing the peripherals and intricate wiring cords of a personal computer and a set of charging tools immediately without being covered with dust while exhibiting excellent maintainability, functionality and appearance.

SOLUTION: One peripheral, i.e., a receptacle (3), is fixed in a storage box case (1) and a plurality of cord passing holes (5) necessary for the wiring between an external apparatus and the housed peripheral and wiring cords are provided to the wall of the body case.
